Fare luce non basta.

Disegnare uno spazio modellandone volumi e disegnandone le ombre, arricchire un interno con presenze eleganti e mai invadenti, accompagnare i momenti della vita avvolgendo con calore gli ambienti, le persone, gli oggetti.

Oluce, fin dai suoi albori, immagina oggetti fuori dal tempo, che non inseguono le mode o le tendenze.

Lampade concepite come elementi d'arredo, che affasciano quando sono accese e stupiscono quando sono spente. Se la sua fortunata storia è stata tracciata da giganti del

design italiano come Vico Magistretti Joe Colombo, Tito Agnoli e Marco Zanuso, oggi non abbandona speciali collaborazioni con nomi di rilievo che firmano creazioni destinate a rimanere nella storia del design, come Nendo, angelettiruzza, Francesco Rota, Victor Vasilev, Christophe Pillet. Accanto alle collezioni a catalogo Oluce ha sviluppato un importante progetto di Bespoke Tailoring, un servizio che consente di ideare e realizzare oggetti creati ad hoc su progetti specifici o di personalizzare le lampade a catalogo soddisfacendo le richieste della propria clientela.

Creating lighting solutions is not enough. We want to design a space by shaping its volumes and drawing its shadows, enriching an interior with elegant and never intrusive items, and accompany life moments by warmly enveloping environments, people, and objects. Since its beginnings, Oluce has imagined timeless objects that do not follow fashions or trends. These lamps conceived as furnishing elements, fascinate when switched on and amaze when switched off. In its history Oluce has partnered with Italian design giants such as Vico Magistretti, Joe Colombo

Tito Agnoli and Marco Zanuso.

This approach continues today with special partnerships with famous names whose creations are destined to remain in the history of design, such as Nendo, angelettiruzza, Francesco Rota, Victor Vasilev, Christophe Pillet.

Alongside the catalogue collections, Oluce has developed an important Bespoke Tailoring project. This is a service to design and create ad hoc project-based objects or customise catalogue lamps to meet customer requests.
